Something about us

Arte dal Mondo is fruit of the passion for art and craftsmanship shared by two life partners, Paolo and Edgar. The two founders, who have always been united by their passion for seeking home decor objects all over the world, in 2004 transformed their hobby into an structured company, offering home decor products featuring strong elements of design and artisan craftsmanship.

The company designs, creates and distributes objects that decorate, embellish or add value to a variety of environments such as homes, workplaces, recreational spaces and others.

In 2009, the new ADM brand was created, underlining the fact that from that moment on, many of the products offered would be created based on our own designs.

One of the main company objectives is the continuous expansion of the range of items offered, so matching its supply to the current market trends and always offering our clients decorating solutions to meet the widest variety of requirements.

Our products varies between different categories: wall decorations, sculptures and objects, lighting, small designer furniture. The style of the products varies from classic to modern / design. However, what unites our entire proposal is the strong component of craftsmanship of the works.

Have nothing in your
houses that you do not
know to be beautiful
or believe to be useful.
