# Something about us

Arte dal Mondo is fruit of the passion for art and craftsmanship shared by two life partners, Paolo and Edgar. The two founders, who have always been united by their passion for seeking home decor objects all over the world, in 2004 transformed their hobby into an structured company, offering home decor products featuring strong elements of design and artisan craftsmanship.

The company designs, creates and distributes objects that decorate, embellish or add value to a variety of environments such as homes, workplaces, recreational spaces and others.

In 2009, the new ADM brand was created, underlining the fact that from that moment on, many of the products offered would be created based on our own designs.

One of the main company objectives is the continuous expansion of the range of items offered, so matching its supply to the current market trends and always offering our clients decorating solutions to meet the widest variety of requirements.

Our products varies between different categories: wall decorations, sculptures and objects, lighting, small designer furniture. The style of the products varies from classic to modern / design. However, what unites our entire proposal is the strong component of craftsmanship of the works.

WALL DECORATION

**PRINTS ON ACRYLIC BOARD**

Hand-decorated painting  
on deformed acrylic  
panel assembled on  
transparent plexiglass  
panel

## Features:

ADM's prints on deformed panel are the result of an all-Italian research aimed at creating innovative products to decorate the walls of contemporary environments with taste and modernity.

This innovative wall decoration idea by our artists is based on a subject created using digital techniques then printed on a semi-transparent plastic material, decorated, and deformed by hand to obtain a wavy and texturized glossy effect before being assembled on a transparent plexiglass panel.

The resulting artwork, very decorative being original and trendy, cannot fail to attract the attention of visitors.

The prints is ready to be attached to the wall with ease thanks to an integrated synthema that is not visible; it comes with a certificate of craftsmanship.

WALL DECORATION

**PAINTINGS WITH SCULPTURE**

Sculpture painting.  
Modern painting,  
by hand on canvas,  
accompanied by resin  
sculpture

## Features:

ADM design's gallery wrap canvas paintings with sculpture are fruit of the all-Italian quest to create objects suitable for decorating contemporary and trendy environments with taste, colour and imagination. Designed by selected artists, they are then created in small series by a team of skilled painters who add artisan prestige to the works.

All the works are hand painted on canvas using acrylic paint that makes it possible to highlight the colours and confer 3D characteristics to the surfaces of the paintings. Many of the works are embellished by the use of various decorative materials such as metal, wood, glass, paper, resin, glitter among others. In this particular case they are enriched by the presence of one or more resin sculptures integrated into the pictorial subject.

Ready-mounted on wooden frames, on which the painted canvas also covers the edges, they are ready to be hung without needing a frame. This type of solution is becoming more and more popular in contemporary design.

Every sculpture comes with a certificate of craftsmanship.
